

Chubbsafes™
Trusted the world over.

190 YEARS
STRONG

CHUBBSAFES™ 1835

SPECIAL EDITION

A limited release to celebrate Chubb safes' 190 years of heritage, trust and innovation.
More than a secure storage solution but a piece of history.

THE PERFECT HARMONY OF PROTECTION AND INNOVATION

The Chubb safes™ 1835 combines robust protection with timeless design, true to its heritage:

UNIQUE COMPOSITE BODY
An innovative, lightweight, multi-layered construction delivering both certified burglary and fire protection.

LUXURY INTERNAL FITTINGS
Fully lined, leather finished drawers for jewellery and precious items as well as automated watch winders.

CERTIFIED PROTECTION
Certified to the most recent versions of European Standards, EN 1143-1 Grade 1 T2 burglary resistance and EN 1047-1 class S 60 P, 60 minutes fire protection for documents.

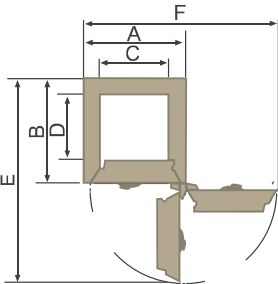

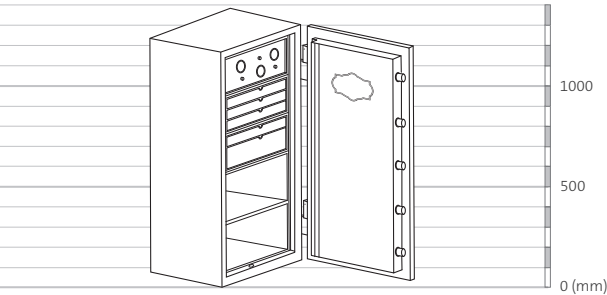

AUTOMATIC ELECTRONIC LOCKING
Secured by an EN 1300 Class B certified electronic lock, automatically engaging when the door is closed and bolts thrown.

TRIDENT HANDLE
Paying homage to Chubb safes' rich history and the TDR models of the 1960's, it also functions as a visual indicator of the door's locking status.

FOUR DISTINCTIVE COLOURS
Complements any interior, blending style with functionality. The use of copper highlights the material's use in the high security safes and strong room doors of the 1970's and 80's.

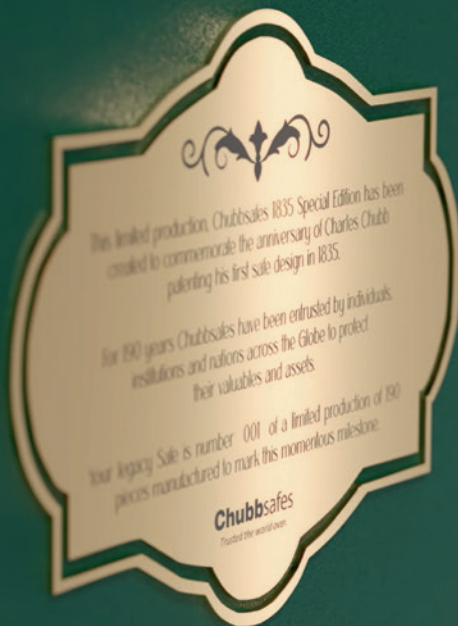

Model	External Height	External Width (A)	External Depth (B)	Internal Height	Internal Width (C)	Internal Depth (D)	Depth With Door at 90° Open (E)	Width With Door Fully Open (F)	Capacity (L)	Net Weight (kg)
M-140	1150	528	490	1050	428	315	1003	1071	142	237

Standard internal fittings as seen in the illustration. All figures are in millimetres unless otherwise stated.

OWN A LIMITED-RELEASE PIECE OF HISTORY

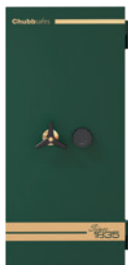

SECURE NOT JUST YOUR VALUABLES
BUT A SYMBOL OF HERITAGE
AND TRUST

With only 190 units available worldwide, this is your chance to own an exclusive collector's item built for strength and designed to last.

WHY THE CHUBBSAFES™ 1835 IS UTTERLY UNIQUE:

- Limited run of 190 safes, each individually numbered for authenticity.
- Crafted to meet the highest standards of reliability and precision.
- A collector's item reflecting care, durability, and innovation.
- Once sold, this exclusive collection will never be reproduced.

YEARS STRONG

Since 1835, Chubb safes has stood for strength, dependability, and protection. Through generations of change, we have safeguarded possessions with unmatched craftsmanship and innovative security solutions. The Chubb safes™ 1835 honors this legacy, offering not just protection but a connection to almost two centuries of expertise.

Chubb patented the first safe 190 years ago and the 1835 represents both Chubb safes' heritage and vision for the future.
